

## OmniTech IT Price List – As of March 2016

Below is a price list for all of the services that we offer to our customers. The details of your contract and which services you wish to use will be discussed with you during consultation.

To see a full explanation of each service, please see our ‘Explanation of Services’ document.

If you have any questions about our prices or services, do not hesitate to contact us using the contact details at the top of the page.

Please note we do not cater for e-commerce websites or any websites that involve any form of card payments. We apologise for any inconvenience.

Please note that these costs are just a guide. Specific costs will depend on your particular contract as every site we build is individual.
